(Iksha Mrityu)

A billion dollar game

Preface

When some one very close to you die after a prolonged illness with a lot of physical discomfort. Some time even patient themselves pray to almighty that please end this suffering , then you will realise that permission should be given to euthanasia (Ikshamrityu) . In the Indian holy book MAHABHARAT Bhisma Pitamaha had right to die .When your all dreams or goal are fulfilled then you should have choice to live or die. Please have a healthy discussion and come with some positive conclusion.

painless way for reason of
mercy.

Origin of word Euthanasia

Greek eu – easy

thanotos – death

First Known use: 1605

Euthanasia, (Iksha- mrityu)

A New business opportunity

History of Euthanasia

According to Mahabharat (which is about 5000 year old Hindu holy book) Bhisma Pitamah had power of right to die (Vardan) . He did wait in deathbed (arrow bed) for 58 days and gave up his body on first day of uttarayan. So word Ikshamrityu is also about 5000 year old..The word euthanasia was first used in medical context by Francis Bacon in 17th century to refer easy death.

Why I write this book.....

You'll realize that euthanasia is definitely a hot topic for discussion, involving the right to die versus the right to live. Eventually, you'll come to some positive conclusions. My view is that we can't ignore the benefits of euthanasia, despite its side effects.

**E:-EXPLANATION OF
EUTHANASIA:-**

Euthanasia is the act of intentionally ending someone's life, typically to alleviate suffering caused by a terminal illness or an incurable medical condition. It can be voluntary, where the person requests it themselves, or involuntary, where it is done without the person's consent, usually due to their inability to communicate their wishes.

EUTHANASIA, (IKSHA-MRITYU)

A NEW BUSINESS OPORTUNITY

THIS IS RIGHT TIME TO DISCUSS

F-1:-EUTHANASIA IN SIMPLE LANGUAGE FOR COMMON PEOPLE:-

Euthanasia is when someone is intentionally helped to die, usually because they are very sick and suffering a lot. It's like choosing to end their life to stop the pain they're going through, especially if they have a serious illness and there's no hope for them to get better.

F-2:-INTRODUCTION:

In this e-book, we will delve into the controversial topic of euthanasia and explore the ethical, social, and spiritual dimensions surrounding it. We will examine whether euthanasia is a useful option for individuals facing unbearable suffering, and consider the implications of granting individuals the right to die, alongside their right to live.

In 2003, the Hemlock Society of USA changed its name to End-of-Life Choices. In 2004, End-of-Life Choices merged with Compassion in Dying, which is now known as Compassion & Choices.

This is also known as “physician-assisted dying” or “aid in dying” and is legal in some states of USA with existing death with dignity laws. It permits mentally competent, adult patients with terminal illness to request a prescription for life-ending medications from their physician.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

Euthanasia is the practice of ending the life of a patient to limit the patient's suffering. The patient in question would typically be terminally ill or experiencing great pain and suffering. The word “euthanasia” itself comes from the Greek words “eu” (good) and “thanatos” (death).

The U.S. euthanasia society is presently called USES

What is duo euthanasia?

They chose to die together , what is known as “duo euthanasia” — a growing trend in the Netherlands, where a small number of couples have been granted their wish to die in unison in recent years, usually by a lethal dose of a drug

F-3:-Chapter 1: Raising the Issue

In this chapter, we acknowledge that the discussion of euthanasia may evoke controversy. However, our intention is not to spark debate but to initiate a thoughtful conversation among educated individuals worldwide. We emphasize the importance of further dialogue and the development of potential solutions to address the complexities of euthanasia.

F-4:-Chapter 2:

Examining the Right to Die

Similar to the consistent disparity between birth rates and death rates, we argue that individuals should have the autonomy to choose death as they do life. We advocate for a deeper exploration of euthanasia, considering it as a fundamental right that aligns with an individual's autonomy and dignity.

**F-5:-Chapter 3:
Considering Various Dimensions**

Beyond the physical and mental aspects, we explore the social and spiritual dimensions of euthanasia. We recognize the profound impact that end-of-life decisions have on individuals, families, and communities, and emphasize the need for a holistic understanding of euthanasia's implications.

**EUTHANASIA, (IKSHA-MRITYU)

G:-TYPES OF EUTHANASIA

There are primarily two types of euthanasia: active euthanasia and passive euthanasia.

G-1. ****Active Euthanasia****: This involves deliberately taking action to end a person's life, such as administering a lethal injection. This is also known as assisted suicide.

G-2. ****Passive Euthanasia****: This involves withholding or withdrawing medical treatment or life-sustaining measures, allowing the person to die naturally without directly causing their death.

H:-ADVANTAGES OF EUTHANASIA

**Advantages of
euthanasia, when
legalized and carefully
regulated, can include:**

DR.AJAY GUPTA,

30

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-1.

****Relief from Suffering:****

Euthanasia can provide a humane way to end unbearable pain and suffering for terminally ill patients who have no hope of recovery.

DR.AJAY GUPTA,

31

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H:-2.

****Autonomy and Dignity:****

It respects the patient's autonomy and right to self-determination, allowing them to have control over their own death and maintain their dignity.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-3.

****End-of-Life Choices:****

Euthanasia allows individuals to choose how and when they want to die, avoiding prolonged suffering and maintaining quality of life.

DR.AJAY GUPTA,

33

**EUTHANASIA, (IKSHA-MRITYU)

. H-4

****Family Support:****

It can provide emotional relief for both patients and their families by ending prolonged suffering and allowing them to say goodbye peacefully.

DR.AJAY GUPTA,

34

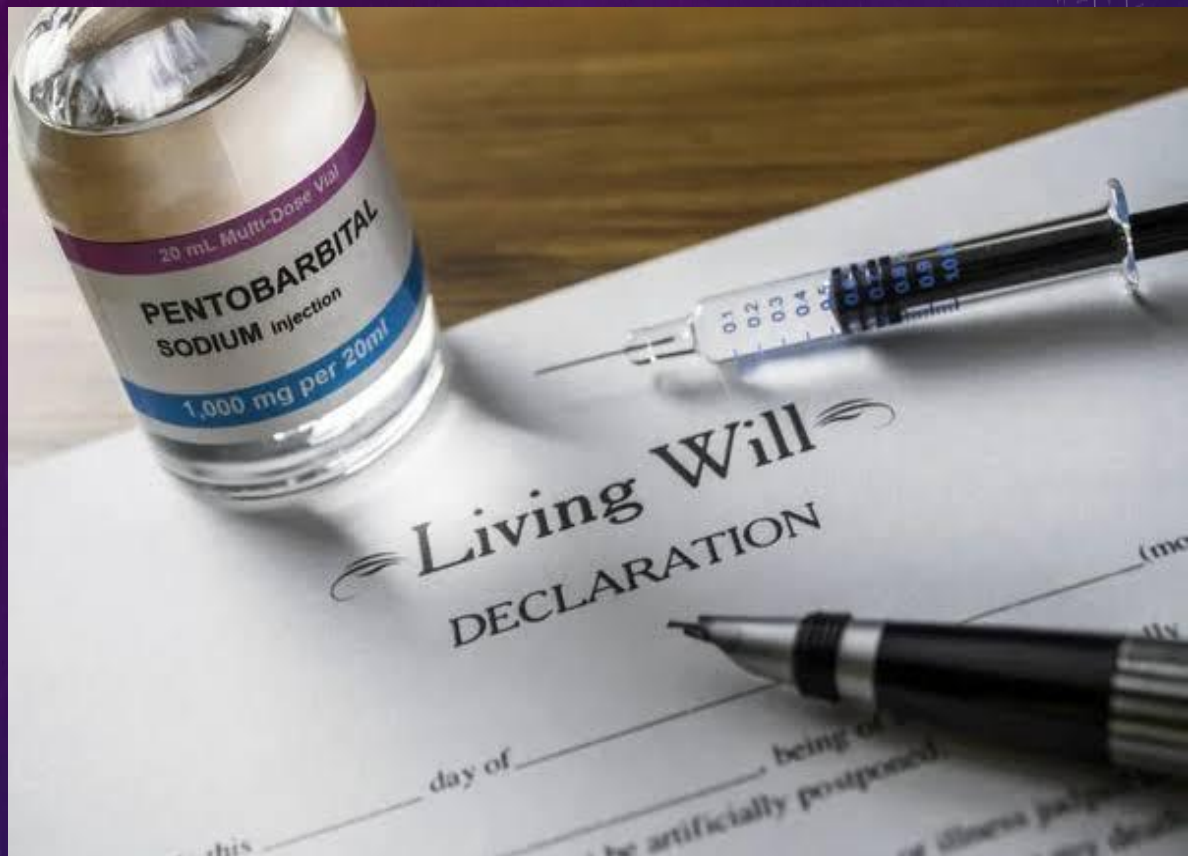

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-5.

****Resource Allocation:****

Euthanasia
can help in conserving
healthcare resources by
avoiding prolonged and
costly end-of-life care for
patients who have no
chance of recovery.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-6.

****Legal Clarity:****

Legalizing euthanasia provides clear guidelines and safeguards to ensure that the process is conducted ethically and without abuse.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-7.

****Reduced Burden:****

It can alleviate the burden on caregivers and healthcare providers who may struggle to provide adequate care for terminally ill patients with no chance of improvement.

DR.AJAY GUPTA,

37

EUTHANASIA, (IKSHA-MRITYU) A NEW BUSINESS OPPORTUNITY

H-8.** Advantages of
euthanasia to
GOVERNMENT

Government can fix certain fees for permission of euthanasia so revenue will be generated and when thousands of people will ask permission for euthanasia huge amounts of money will be generated which can be used for charity work and lot of persons get employment.

DR.AJAY GUPTA,

38

**EUTHANASIA, (IKSHA-MRITYU)

H-9

. ** POPULATION
CONTROL **

Euthanasia may be one of the methods of population control besides so many other methods because our earth has limitations that after certain populations of world there will be deficiencies of resources after population explosion.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

H-10 However, it's essential to recognize that euthanasia remains a highly controversial and ethically complex issue, and there are also significant concerns and potential drawbacks associated with its practice. These include the risk of abuse, the potential for coercion, the slippery slope argument, and the ethical implications of intentionally ending a human life. Therefore, any discussion of euthanasia must carefully consider both its potential benefits and its ethical, legal, and social implications.

I :-

DISADVANTAGES

OF

EUTHANASIA

DR.AJAY GUPTA,

41

EUTHANASIA, (IKSHA-MRITYU) A NEW BUSINESS OPPORTUNITY

Disadvantages of euthanasia include:

I-1.

****Ethical Concerns:****

Euthanasia involves intentionally ending a person's life, which raises ethical questions about the sanctity of life, the role of healthcare professionals, and the potential for abuse.

EUTHANASIA, (IKSHA-MRITYU) A NEW BUSINESS OPPORTUNITY

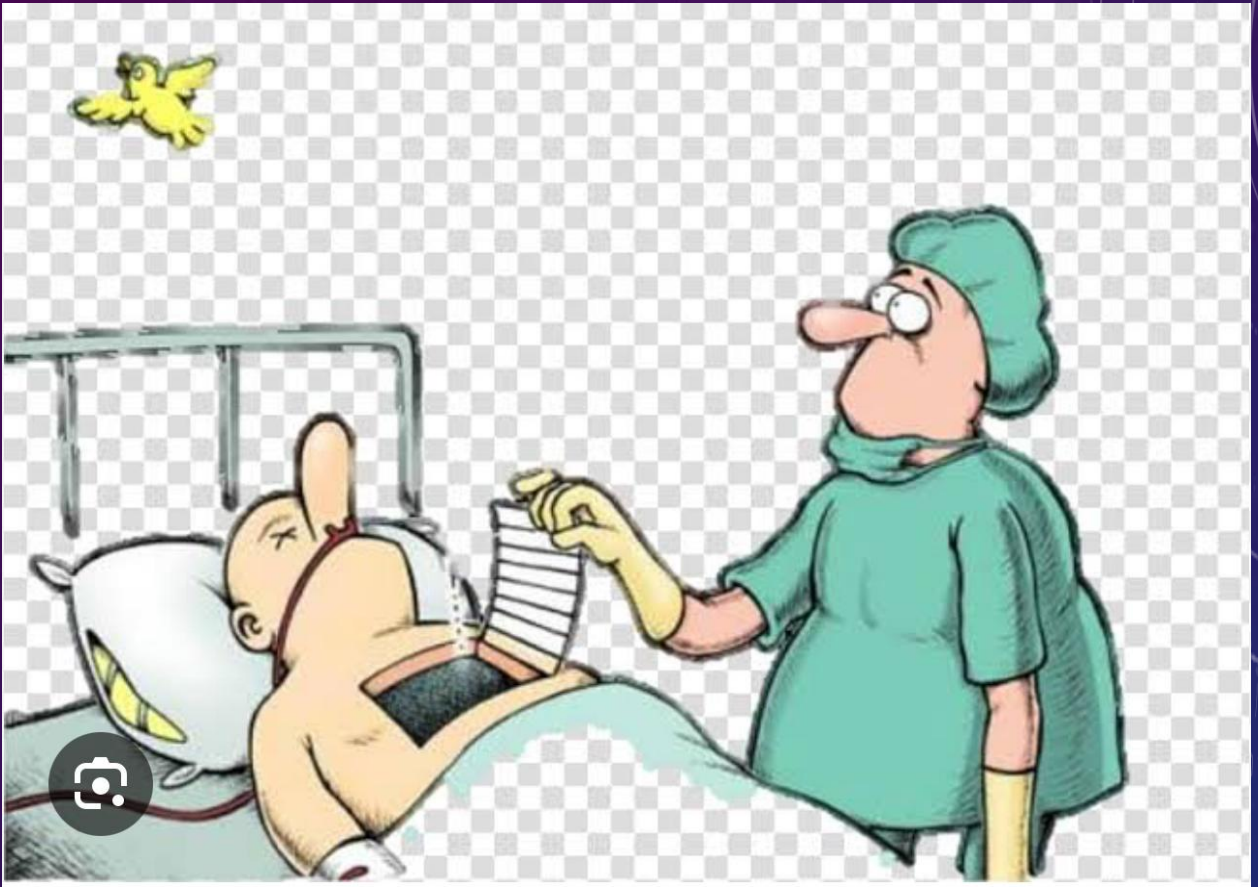

I-2

. ****Risk of Abuse:****

Legalizing euthanasia may create opportunities for abuse, such as coercion or pressure from family members, healthcare providers, or insurance companies, especially for vulnerable individuals who may feel like a burden.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

1-3.

****Slippery Slope:****

Some argue that legalizing euthanasia could lead to a slippery slope, where the criteria for who qualifies for euthanasia may gradually expand to include individuals with non-terminal conditions or those who are not capable of making informed decisions.

DR.AJAY GUPTA,

44

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

I-4.

****Impact on Trust in
Healthcare:****

Legalizing euthanasia may undermine trust in the healthcare system, as patients may fear that healthcare providers prioritize cost-saving measures over providing adequate care and support.

DR.AJAY GUPTA,

45

EUTHANASIA, (IKSHA-MRITYU) A NEW BUSINESS OPPORTUNITY

I-5.

****Palliative Care Alternatives:****

Critics argue that resources should be directed towards improving palliative care and end-of-life support services, rather than legalizing euthanasia as a solution to end suffering

DR.AJAY GUPTA,

46

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

I-6.

****Religious and Cultural
Beliefs:****

Euthanasia may conflict with religious and cultural beliefs that value the sanctity of life and oppose intentional killing, leading to moral and societal tensions.

DR.AJAY GUPTA,

47

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

I-7.

****Psychological Impact:****

Euthanasia may have psychological consequences for patients, families, and healthcare providers, including guilt, grief, and moral distress.

DR.AJAY GUPTA,

48

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

I-8.

****Legal and Regulatory
Challenges:****

Implementing euthanasia laws requires clear guidelines, safeguards, and oversight to prevent abuse and ensure that the practice is conducted ethically and with respect for patient autonomy.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

I-9

It's important to consider these disadvantages alongside any potential benefits of euthanasia and to engage in informed and respectful discussions about the complex ethical, legal, and social implications of end-of-life decisions.

My intention in writing this book is not solely for monetary gain, but also for the social, physical, and mental well-being of individuals.

Now, let me explain the different monetary benefits and billion-dollar business opportunities globally.

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

**L-1:-BENEFITS NUMBER
ONE:**

Many people are waiting for organ donations, such as kidneys, livers, hearts, eyes, skin, and bones. The number of donors is less than the recipients, leading to human trafficking, kidnapping, and murder to fulfill the demand for organs illegally. If euthanasia is permitted, the demand for organs can be fulfilled from the bodies of euthanized individuals.

DR.AJAY GUPTA,

60

**EUTHANASIA, (IKSHA-MRITYU)

Those facing euthanasia can donate or sell their organs legally, benefiting their families financially. This can reduce illegal organ trafficking and increase business for hospitals, nursing homes, and doctors through organ donations.

DR.AJAY GUPTA,

61

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

L-2:-BENEFIT NUMBER TWO:

At an advanced age, many people die without legally nominating their property to their heirs. With euthanasia, individuals can legally nominate their property before they die, reducing property disputes and increasing business for lawyers.

DR.AJAY GUPTA,

62

**EUTHANASIA, (IKSHA-MRITYU)
A NEW BUSINESS OPPORTUNITY**

**L-3:-BENEFIT NUMBER
THREE:**

People facing euthanasia can celebrate their death with parties, allowing them to meet relatives and friends. This can boost the business for tour operators, event organizers, and related industries.

63

**EUTHANASIA, (IKSHA-MRITYU)

L-4:-BENEFIT NUMBER FOUR:

Many children want to care for their aging parents but are unable to do so due to work obligations. In some communities, parents offer financial support for their children to live with them. For those who cannot afford this, euthanasia can provide a solution, especially through active euthanasia.

DR.AJAY GUPTA,

अदालत में पेशी के दौरान आया अजीब मामला

शराब कारोबारी ने मांगी इच्छा मृत्यु कोर्ट ने कहा- विधिवत आवेदन करें

क्राइम रिपोर्टर | रायपुर

शराब घोटाले के आरोपी और कारोबारी अरविंद सिंह ने बुधवार को कोर्ट में पेश किए जाने के दौरान इच्छा मृत्यु की मांग की है। गुरुवार को पेशी के दौरान उन्होंने कहा कि वह इस सबसे तंग आ चुका है। उसे इच्छा मृत्यु की अनुमति दी जाए। कारोबारी की इस मांग पर कोर्ट ने उनके वकील से प्रॉपर तरीके से आवेदन करने कहा है।

कोर्ट ने यह भी कहा इच्छा मृत्यु की याचिका पर अलग से सुनवाई होगी। कोर्ट में पेश किए गए दूसरे आरोपी अनवर डेबर को 2 मई तक न्यायिक रिमांड में जेल भेज दिया गया है। अरविंद को भी जेल दाखिल करवा दिया गया है जबकि ईओडब्ल्यू की मांग पर अरुणपति त्रिपाठी को 25 अप्रैल तक रिमांड

पर दिया है। राज्य के चर्चित आबकारी घोटाले मामले में फरार चल रहे शराब कारोबारी अरविंद सिंह को पहली बार दुर्ग के रामनगर मुक्तिधाम से 12 जून 2023 को गिरफ्तार किया गया था। अरविंद की माता कमला देवी का निधन हो गया था। वह अंतिम संस्कार के लिए पहुंचा था। उसके बाद से वह पिछले 10 महीने से सेंट्रल जेल रायपुर में बंद था।

हाईकोर्ट से जमानत पर छूटते ही ईओडब्ल्यू की टीम ने उसे गिरफ्तार कर लिया था। 4 अप्रैल को अरविंद सिंह के साथ अनवर डेबर को भी गिरफ्तार किया गया था। दोनों को 14 दिन रिमांड में रखकर ईओडब्ल्यू ने पूछताछ की है। इसके बाद गुरुवार को इन्हें कोर्ट में पेश किया गया।

डिस्टलरी संचालकों से पूछताछ अनवर, अरविंद और एपी त्रिपाठी से पूछताछ के बाद ईओडब्ल्यू के अफसरों ने तेलीबांधा इलाके में रहने वाले डिस्टलरी संचालकों को पूछताछ के लिए हिरासत में लिया है। इन सभी को कारोबारी अनवर, अरविंद और त्रिपाठी के सामने बिठाकर पूछताछ की गई थी। बताया जा रहा है कि एक-दो दिन में छह लोगों को गिरफ्तार किया जाएगा। इन सभी से पूछताछ की तैयारी कर ली गई है। इसके अलावा ईओडब्ल्यू ने पूछताछ के लिए जिन्हें नोटिस जारी करना है उनकी भी सूची तैयार कर ली है।

अवैध शराब बेचने और चाकू से लोगों को धमकाने के आरोप में पांच गिरफ्तार

रायपुर | अवैध शराब की बिक्री करने वालों के खिलाफ पुलिस ने छापामार कार्रवाई की। कई इलाकों से शराब कोचियों को पकड़ा गया है। इनसे बड़ी मात्रा में दूसरे राज्यों की भी शराब जब्त की गई है। पुलिस के अनुसार माना कैंप से आकाश तिवारी को 22 पौन्डा देशी शराब के साथ पकड़ा गया।

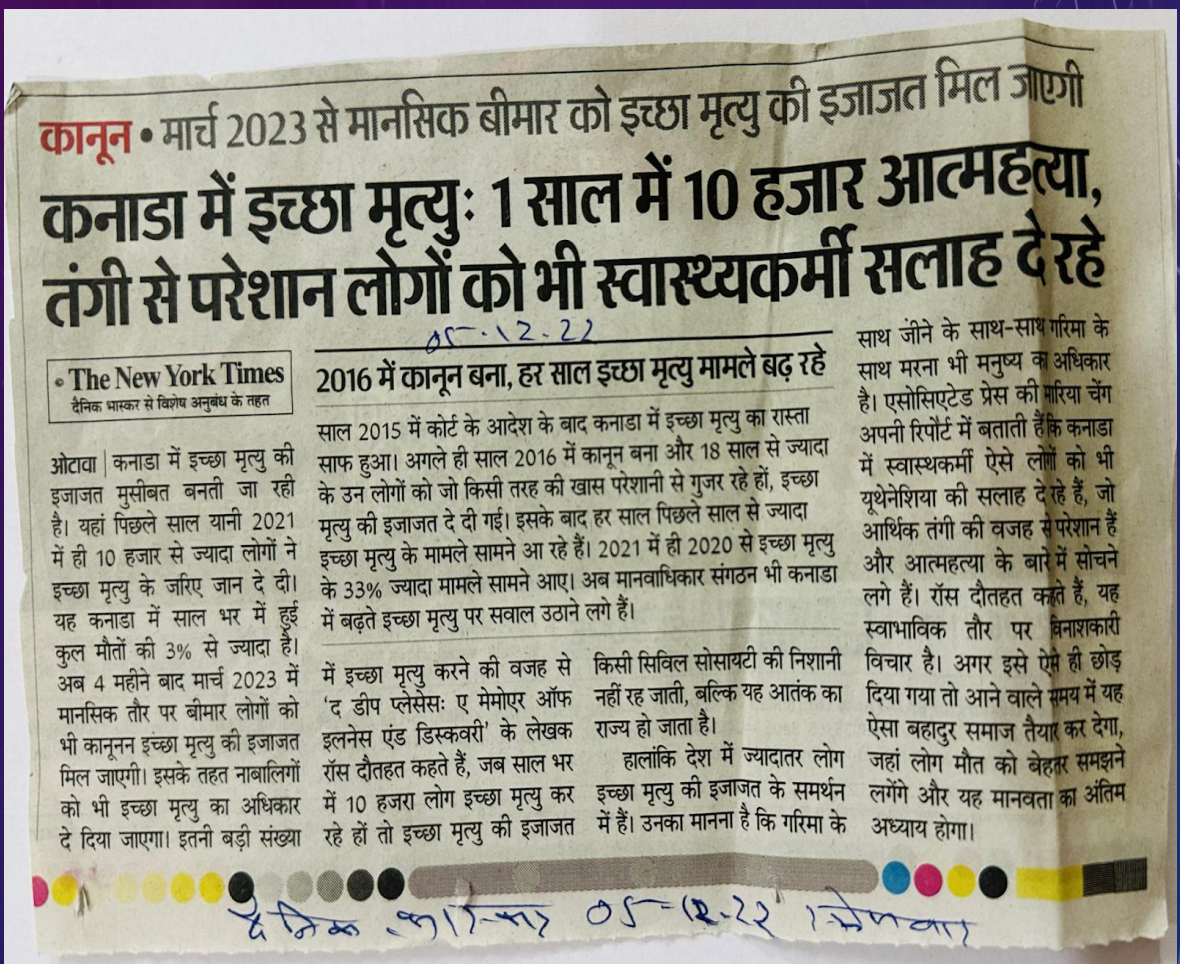

मुखबिर से सूचना मिलने पर मोटरसाइकिल में अवैध रूप से शराब की सप्लाई कर रहे डागेश्वर साहू और गाड़ी में पीछे बैठे टावर धृतलहरे को गिरफ्तार किया गया है। वे दोनों मोटरसाइकिल से रानीसागर आरंग से शराब लेकर जा रहे थे। उनके पास रखे प्लास्टिक थैले में 40 पौन्डा देशी शराब जब्त की गई है। पुलिस ने शहर में चाकू से लोगों को डराने-धमकाने वालों को भी गिरफ्तार किया है। पुरानी बस्ती में चाकू लहराकर आने-जाने वाले लोगों को डरा रहे समीर बख्श उर्फ साबिर को गिरफ्तार किया गया है। कुकुरबेड़ा में 21 साल का नरेंद्र मिश्रा चाकू लहराकर लोगों को डरा रहा था। उसे जेल भेज दिया गया है।

दूसरा पहलू  एकाकी जीवन जीने वाले बुजुर्ग कम जीते हैं। उन्हें खेल या सामाजिक-सांस्कृतिक समारोहों में भाग लेते हुए भी कम ही देखा जाता है।

एकाकी जीवन जीते दस लाख अमेरिकी बुजुर्ग

लिनी इंगरसोल ने ब्लू आइलैंड स्थित अपने बंगले में थैंक्सगिविंग डे का त्योहार अपनी बिल्ली जेसी के साथ बहुत खामोशी से मनाया था। इंगरसोल ने शादी नहीं की। लिहाजा लाइब्रेरियन की नौकरी से रिटायर होने के बाद से एकांत बंगले में उनका दिन चुपचाप ही बीतता है। 77 साल की उम्र में वह अब तक माता-पिता, तीन पुरुष मित्रों, दो नजदीकी सहेलियों, पांच कुत्तों और आठ बिस्लियों की मौत देख चुकी हैं।

तीन साल पहले जब इंगरसोल की बहन की मौत हुई, तब वह अमेरिका के उन वरिष्ठ नागरिकों में शामिल हो गईं, जिनकी देखभाल के लिए कोई नहीं है। फिर कोविड-19 ने दोस्तों के साथ बाहर मिलने-जुलने के उनके अवसर भी छीन लिए। 'अब दो ही लोगों से मेरा मिलना होता है-डॉक्टर और स्टोर कीपर', वह कहती हैं।

दूसरे बुजुर्गों की तरह इंगरसोल को भी कई बीमारियाँ हैं। उन्हें किडनी की बीमारी है, दमा है, दिल की बीमारी के कारण पेसमेकर लगाने की जरूरत है, और गठिया की वजह से वह छड़ी के सहारे भी ज्यादा नहीं चल पातीं।

वर्ष 2017 के एक अध्ययन के मुताबिक, अमेरिका में 55 से अधिक उम्र के जितने भी बुजुर्ग हैं, उनमें से 6.6 फीसदी ऐसे हैं, जिनकी देखभाल करने वाला कोई नहीं है। हालांकि बुजुर्गों की कुल आबादी में यह अनुपात बहुत ज्यादा नहीं है। लेकिन वर्ष 2019 की एक रिपोर्ट के मुताबिक, अमेरिका में लगभग 10 लाख बुजुर्ग साथी या संतान विहीन हैं। इनमें 75 साल से अधिक उम्र की 3,70,000 महिलाएँ हैं। कई कारणों से साथी और संतानहीन बुजुर्गों की संख्या बढ़ रही है। एक तो मध्य आयु वर्ग के अमेरिकियों में शादी की दर कम और तलाक की दर अधिक है। फिर 50 से अधिक की उम्र में तलाक लेने से वैसे भी देखभाल के लिए कोई नहीं रहता, क्योंकि तब तक बच्चे बड़े होकर अलग हो चुके होते हैं। इसके अलावा औसत उम्र बढ़ने से बुजुर्गों के एकाकी जीवन की अवधि भी बढ़ती जा रही है। एक अध्ययन यह भी बताता है कि एकाकी जीवन जीने वाले बुजुर्ग परिवार में रहने वाले बुजुर्गों की तुलना में कम जीते हैं। यही नहीं, उन्हें खेल या सामाजिक-सांस्कृतिक समारोहों में भाग लेते हुए भी कम ही देखा जाता है।

चूंकि ऐसे बुजुर्गों की संख्या बढ़ने वाली है, ऐसे में, विशेषज्ञ इन्हें समूह में रखने की योजनाओं के बारे में सरकार को कदम उठाने की सलाह दे रहे हैं।

डॉ. प्रवीण व डॉ. प्रणव जैन की माता का हुआ त्वचा व नेत्रदान

दुर्ग। अंचल के प्रतिष्ठित डॉ. प्रवीण जैन व डॉ. प्रणव जैन की माताजी ओल्ड नेहरू नगर भिलाई निवासी श्रीमती राजकुमारी जैन (81 वर्ष) के निधन के पश्चात परिवार द्वारा उनके त्वचा दान करने से बहुत से लोगों को लाभ होगा व नेत्रदान से दो लोगों को नई रौशनी मिलेगी। श्रीमती राजकुमारी जैन के पुत्र डॉ.

प्रवीण जैन, डॉ. प्रणव जैन, पुत्री प्रतिभा जैन, प्रीति जैन, बहू नीलम व स्वाति ने त्वचा दान व नेत्रदान का निर्णय लिया। नवदृष्टि फाउंडेशन के सदस्य कुलवंत भाटिया, राज आढ़तिया, मोहित अग्रवाल, हरमन दुलाई, रितेश जैन, प्रभुदयाल उजाला, सुरेश जैन पूरे समय डॉ. जैन के निवास पर उपस्थित रहे एवं त्वचा दान व नेत्रदान प्रक्रिया सम्पन्न करने में सहयोग किया। श्री शंकराचार्य मेडिकल कॉलेज की डॉ. हर्षिका जैन, नेत्र सहायक डॉ.

विवेक कसार ने कॉर्निया कलेक्ट किए। सेक्टर 9 जेएलएन हॉस्पिटल के डॉ. उदय कुमार, डॉ. अनिरुद्ध मेने, डॉ. राहुल सिंगरौल सुनीता, रश्मि, विनीत, मंजू ने त्वचा एकत्र की।

डॉ. प्रवीण जैन ने कहा एक डॉक्टर होने के कारण उन्हें पता है त्वचा दान व नेत्रदान का क्या महत्व है।

अंचल का सबसे अच्छा बर्न यूनिट सेक्टर 9 हॉस्पिटल है जहां स्कीन की बहुत जरूरत है। अब लोगों को त्वचा दान हेतु भी जागरूक होने की जरूरत है जिसमें नवदृष्टि फाउंडेशन के सदस्य उत्कृष्ट कार्य कर रहे हैं और आज मां की मृत्यु के बाद उनकी आंखों से दो लोगों को नेत्र ज्योति मिलेगी एवं उनके परिवार को मां के नहीं रहने की कमी कभी पूरी नहीं हो सकेगी किन्तु मां हमेशा समाज व परिवार को प्रेरणा देती रहेंगी।

N-1:-In developing countries, money is a significant factor. Once individuals understand that after my death, my family will receive a considerable sum from the sale of my organs, they may be more inclined to agree. Explain the potential benefits of organ donation such as saving lives and improving the quality of life for others can help foster understanding and acceptance.

N-2:-You would explain to them that in death, you would reunite with all your friends and relatives. There would be no legal disputes over inheritance, no more suffering, and no burden on caregivers. Furthermore, you would emphasize that euthanasia is not deemed a sin but rather a blessing(VARDAN), as mentioned in the Hindu holy book, THE MAHABHARAT. Initially, there may be resistance, but over time, they may be persuaded.

N-3:- It's crucial never to force euthanasia upon anyone. It's essential to emphasize that any decision regarding euthanasia should be made voluntarily without pressure or coercion. Respecting individual autonomy and ensuring that the decision align with the person's own values and belief is paramount.

**Q :-Euthanasia;
Spiritual Aspect -1**

In one discourse of the spiritual Guru, he said, "When you enjoy your full life, you are very happy. But when you are about to die, why do you become sad? It is a universal truth that those who are born will also die.

Q-2

Euthanasia;

Spiritual Aspect -2

We celebrate during birth; why not celebrate during death, especially when you have lived your full life? A few years ago, the father of my medico classmate passed away at the age of 78. During his cremation process, they went with a band and music system. They threw colours and flowers to each other and hosted a big party during his thervi (the 13th day after death).

Q-3

Euthanasia

Spiritual Aspect -3

I am not suggesting that this kind of celebration be given to a young person, but for those who are above 60 or 70 years of age, we can consider euthanasia. According to Indian holy books, physical and mental suffering during the end of a person's life is a kind of punishment for the bad person. So, it will take a long time to change this concept.

IS CRIME IN INDIA**

Yes, active euthanasia is considered a crime in India. As of my last update, India does not have legislation, legalizing active euthanasia. However, passive euthanasia, under certain circumstances and with appropriate legal safeguards, has been recognized by the Supreme Court of India.

S;- IS ACTIVE EUTHANASIA IS PERMITTED IN CANADA OR ANY OTHER COUNTRIES

Yes, Canada is one of the countries where active euthanasia, known as Medical Assistance in Dying (MAiD), is permitted under certain conditions. Other countries where active euthanasia or assisted dying is legalized include Belgium, the Netherlands, Luxembourg, Colombia, and some states in the United States, such as Oregon, Washington, and California.

"

Lastly, I don't intend to create any controversy; I'm simply raising this issue. All educated individuals worldwide should further discuss this matter and devise potential solutions. Is euthanasia useful or not? Similar to the fact that the birth rate is consistently higher than the death rate, individuals should have the right to die, just as they have the right to live. Let's delve into this topic, considering not only the physical and mental aspects but also the social and spiritual dimensions."

U:-LASTLY:- AN EASY EXPLNATION

"Finally, I want to talk about a topic that's important to everyone: euthanasia. Euthanasia is when someone chooses to end their life because they are suffering and don't see any other way to make the pain stop. It's like when there are more babies being born than people dying. I believe that just like we have the right to live our lives, we should also have the right to die when we don't want to live anymore. This is a big topic that we need to talk about, not just thinking about how it affects our bodies and minds, but also how it affects our families and our spirits."

CONCLUSION:-

In conclusion, we urge readers to engage in meaningful discussions about euthanasia, recognizing its significance in contemporary ethical discourse. By considering the diverse perspectives and dimensions of euthanasia, we can work towards developing compassionate and informed approaches to end-of-life care.
